

Tee Bars can be secured to the Upstand trims by using the Tee Bar Connector Clip : ref "x-501a".

① Rotate Tee Bar Connector Clip ref : "x-501a" clockwise into retaining grooves.

② Clip will 'lock' into position.

③ Snip Tee Bar to correct length and secure to Connector Clip with 2 No. Tek screws so that the end of the Tee Bar butts up to the edge of the Upstand Trim.
